Collage options:

Special points of interest:

- Make fun and beautiful collages in quick time
- Create seasonal photo's for the family
- Many effects and touch-ups for the best photograph
- Save and share your edits with friends and family

Easy and Efficient way to upload pictures to the program.

Picnik makes it very easy to upload pictures onto its website for quick and easy edits. You can upload pictures from your

computer, facebook, flicker, websites, webcams, picasa, yahoo and many more. The other great thing about this

website is that it saves every picture that you have uploaded so it will always be in your photo basket for future edits.
