Stumbling upon new and exciting information!

From books to butterflies, culture to celebrities; www.stumbleupon.com is the search engine for you! StumbleUpon is the new way to discover and share exciting news with you closest friends that is matched to your own personal preference. No more hunting through webpage after webpage to get a simple and specific piece of information! With StumbleUpon, there's no more hunting! It's all right there, at your fingertips. Another great feature of StumbleUpon is that when

certain webpage's are bringing too low of ratings, they are removed from the search list. Every members combined participation helps to maintain a database that contains only the most high-quality and up-to-date websites as possible. StumbleUpon also offers almost 500 topics to choose from to help narrow down the information that you are looking for by selecting preferences and interests. So come join us at StumbleUpon, and start spreading the news!

Facts about StumbleUpon:

- You select your favorite topics to get a more accurate search!
- You can share topics with your closest friends!
- You can rate the pages you view to make your searches even MORE accurate!
- Parents can oversee what their children are viewing!
