

StoryBird

<http://storybird.com/>

Three ways to get started!

- A. *Get inspired by art.* Artists provide images, create a story to go with them!
- B. *Take the Challenge.* Each month has an assigned theme. See if you can create a story based on this theme!
- C. *Explore Themes.* Look at artwork associated with a keyword and see what you come up with!

Make stories in minutes and enjoy them for life!

Publish your stories,
sell your art,
and connect with fans.
