A website that students can practice their typing skills!

This is an interactive website where students can work on their typing skills.

What this site does:

- Keeps track of time.
- Calculates words per minute.
- Keeps track of student's accuracy.
- Lessons are broke down into basic parts working on specific sections at one time.
- Students are able to work at their pace.
- Keeps track of progress.
- Keeps track of letters that student is having difficulty with.
- Test students on skills.
- Includes games that help students work on typing skills.
